

MUNEEBA KIRAN

Clinical Psychologist (PMDCAP) · Neurodevelopmental Content Writer · UK Healthcare SEO

Karachi, Pakistan · muneeba_kiran126@hotmail.com · +92 334 3256312

AVAILABLE FOR REMOTE WORK ONLY · FLEXIBLE FOR UK BUSINESS HOURS

PROFILE

PMDCAP-qualified Senior Clinical Psychologist with 7+ years of hands-on clinical experience in ADHD, Autism Spectrum Disorder (ASD), Cerebral Palsy, Global Developmental Delay, and neurodevelopmental assessment — combined with 2+ years of professional SEO content writing for digital health platforms. Uniquely positioned to translate complex neurodevelopmental and psychological concepts into warm, accessible, stigma-free content for UK audiences, without sacrificing clinical accuracy. Proficient in British English spelling, grammar, and UK healthcare terminology. Available remotely from Pakistan, fully flexible to commit to UK business hours.

CLINICAL EXPERTISE DIRECTLY RELEVANT TO THIS ROLE

- Hands-on assessment and therapeutic work with children and adults presenting with ADHD, ASD, Cerebral Palsy, and Global Developmental Delay — providing first-hand understanding of the assessment process families navigate.
- Experienced in conducting and interpreting standardised neurodevelopmental assessments using internationally validated tools: CAT-A, HTP, HFD, SIT, and the Bender Gestalt.
- Delivered psychoeducational materials and parent-facing resources explaining complex diagnostic processes in accessible, empathetic language — precisely the content this role requires.
- Deep understanding of the emotional and practical challenges faced by families seeking ADHD and Autism assessments, enabling genuinely empathetic content creation.
- Familiar with UK clinical frameworks and NHS-adjacent neurodevelopmental terminology through academic training and international healthcare content writing experience.

SEO CONTENT WRITING EXPERIENCE

Mental Health Content Writer | *Techmetix Solution*

Jan 2025 – Sep 2025

- Wrote SEO-optimised blog articles, landing pages, FAQs, and patient guides on mental health, psychology, and behavioural health for a digital health platform serving international audiences.
- Implemented on-page SEO best practices — clear heading structures (H1-H3), meta-aware writing, internal linking, and keyword integration — improving organic reach and audience retention.
- Consistently produced original, well-researched, 800–1,500-word articles to weekly content calendar deadlines across multiple simultaneous topics.
- Translated complex clinical and psychological concepts into clear, engaging, stigma-free language accessible to non-clinical readers.
- Collaborated with marketing teams on content briefs, revisions, and brand tone alignment.

Psychoeducational Content Developer & Family Counsellor | *IQRA Secondary School / Helping Hands Pakistan*

2017 – 2024

- Developed empathetic, accessible written resources for parents and caregivers of children with neurodevelopmental conditions — mirroring the communication style this role demands.
- Produced awareness content, guides, and FAQs explaining complex clinical conditions in plain, compassionate language for non-specialist audiences.
- Wrote culturally adapted content for multilingual communities, demonstrating flexibility across audience demographics and reading levels.

Social Science Researcher & Report Writer | *University of Karachi*

2018 – 2019

- Authored structured analytical research reports from primary data — demonstrating rigorous writing, research integrity, and ability to present complex findings accessibly.

CLINICAL BACKGROUND — NEURODEVELOPMENTAL SPECIALISATION

7+ years of direct clinical work with neurodevelopmental presentations forms the backbone of this application. This clinical depth allows content that goes beyond generic articles — writing that genuinely reflects the assessment journey, family concerns, and clinical processes UK families are searching for.

Remote Psychologist & Clinical Assessor | *Helping Hands Organization* Feb 2024 – Present

- Delivering teletherapy and psychological assessments including neurodevelopmental presentations, ADHD, anxiety, and complex adjustment disorders.
- Providing clinical supervision to mental health trainees on assessment procedures and report writing.

Senior Clinical Psychologist — Field Team Lead | *Helping Hands Pakistan* Sep 2023 – Mar 2024

- Managed a high-complexity caseload of children with Autism Spectrum Disorder, Cerebral Palsy, ADHD, and Global Developmental Delay — delivering measurable therapeutic outcomes.
- Designed culturally adapted psychoeducational content for families of children with neurodevelopmental conditions.

School Mental Health Consultant & Family Counsellor | *IQRA Secondary School, Karachi* 2017 – 2023

- Implemented child safeguarding and neurodevelopmental support frameworks across a full school population.
- Facilitated parent workshops explaining behavioural and developmental challenges in empathetic, accessible language.

Clinical Psychology Intern — Assessment Specialist | *Aghosh Trust – Al-Khidmat Foundation* 2016 – 2017

- Conducted standardised psychological and neurodevelopmental assessments (CAT-A, HTP, HFD, SIT, Bender Gestalt) for disadvantaged children within a multidisciplinary team.

EDUCATION & QUALIFICATIONS

Post-Magisterial Diploma in Counselling, Psychotherapy & Psychological Assessment (PMDCAP) | *University of Karachi* 2023 – 2024

Registered clinical qualification — clinical rotations spanning hospitals, orphanages, and schools with high-volume neurodevelopmental assessment fieldwork.

Master of Arts in Psychology | *University of Karachi* 2017

Specialisation: Industrial Psychology, Career Counselling & Organisational Behaviour

Bachelor of Arts in Psychology • Minors: Philosophy & Mass Communication | *University of Karachi* 2014 – 2016
